

BUILD WATERFORD

Put your creative, engineering and building skills to the test and see if you can help us to build Waterford!

To get involved in the project all you need to do is re-create your favourite Waterford Location, Landmark or Locality using recycled materials, Lego, modelling clay or anything else you can think of, you can even build it digitally using Minecraft!

Send a photograph of the finished creation along with a short description to: **lboyle@waterfordcouncil.ie**.

A selection of entries received will be featured in a specially commissioned video, on our social media platforms and as an online exhibition on our website in the new **S.T.E.A.M. Zone** area on **waterfordlibraries.ie** during March 2021.

Closing date for entries is: Friday 19th February 2021.

For more information please visit **www.waterfordlibraries.ie** or contact: **lboyle@waterfordcouncil.ie**.

Open to ages 18 and under - parental permission must be included with all entries.
